BioPak®

Bio-Pak food containers are available in white, black, or our stock design, Inspired by Nature. Bio-Pak containers can also be custom printed to include your logo and design. This is a great way to send your branding message home with your customers. Whatever style you choose, Bio-Pak containers offer the highest quality and image in foodservice today. Our products are leak and grease resistant, microwaveable, stackable, and are easy to use. Bio-Pak will easily hold hot, cold, wet, or dry foods. Most importantly, Bio-Pak will keep food fresh for your customers.

BioPak®

SUSTAINABLE PACKAGING

Done Right.
• REDUCE • RE-USE • RECYCLE

Consumer demand for sustainable packaging solutions continues to grow. Bio-Pak food containers are made from paper, which is a renewable, natural resource. Our paper comes from responsibly managed forests and is certified to SFI Certified Sourcing standards. Each Bio-Pak container includes a sustainability message on the bottom that will assure your customers that you are using sustainable packaging. There is also a website referenced that will give your customers additional information about the packaging materials and how they can be recycled.
