

WESTROCK INNOVATIVE SOLUTIONS

Corrugated Clamshell

Quick Service Restaurant

Your Menu Item. Our Box. Packaging Matters.

Foodservice packaging that delivers to your customers the quality food from your kitchen.

Specialty Selections & Clamshells

- Variety of substrates including oil barrier and polyboard, suitable for direct food contact
- Kraft or white board, Up to 6 color printing
- B-, E- or F-flute
- Sophisticated die-cutting and finishing processes including clamshell forming
- Fog-free cello windowing capabilities

Corrugated Box Configurations

- Traditional and innovative styles
- Kraft, white, or 100% recycled kraft board
- Sizes 6" to 30"

B-Flute ↑ 2.2mm

- Board 1/8" (2.2mm) thick
- Stronger, less warp, less flex than E- or F-flute
- For large boxes or heavy food items

E-Flute ↑ 1.1mm

- Board 1/16" (1.1mm) thick
- Half the storage space of B-flute
- Reduced transport and handling than B-Flute
- Flatter print surface for superior graphics

F-Flute ↑ .75mm

- Board 1/32" (.75mm) thick
- Excellent space utilization
- Perfect for specialty formed products like clamshells
