

Amplify™

Turn up the volume on customer satisfaction

Consumers want more: More convenience, more value and a more upgraded experience with their skincare brands. Amplify™ delivers all this, and more. This airless pump-on-tube offers clean and easy dispensing with an impressive evacuation rate that allows consumers to access most of the product. Its portable design is perfect for active lifestyles, creating a convenient and more premium packaging experience that deepens their connection to your brand.

Clean. Convenient. Controlled.

Give your customers the upgraded skincare experience they seek with Amplify™

- A cleaner, more hygienic experience through controlled dispensing
- Convenient, on-the-go use
- All plastic, PurePath™ airless pump for superior product protection
- High levels of evacuation (>96%)* for greater consumer value perception
- Soft force-to-actuate for greater consumer comfort and control
- Designed for both co-extruded or laminate tubes to capture the desired brand preference
- Airless, Pure Path™ technology for a more high-end feel
- Plastube's IMAGEFORM tubes offer improved graphic quality and complex decoration combinations
