

**Harmony™**

## Hit the high note

Strike a chord with the design and performance of Harmony™. Featuring our Pure Path™ metal-free fluid path, this beauty and personal care dispenser gives your most sensitive formulas the extra protection they need. Alongside formula protection, provide your consumers with the harmonious experience of viscosity flexibility and superior priming capabilities. Offering functionality, a range of aesthetic styles and options like lock-up or lock-down features, Harmony™ is sure to raise the profile of your product.

# Flexible. Effortless. Efficient.
