

Melodie®

Setting the standard of perfection

As part of our Emotions of Spray Collection, Melodie® allows brands to capture the distinct personality of their luxury fragrances for diverse audiences. This distinguished, minimalist pump offers consumers an emotional experience that appeals to all their senses—from the feel of the spray on their skin to its fragrance to the sound of the atomizer. Melodie takes them on a transformative journey and creates lasting connections to your brand.

Prestigious. Refined. Preferred.

Create a lasting emotional connection with Melodie®

- Part of the Emotions of Spray Collection, with options to match the personality of your fragrance
- Tailored to both male and female audiences
- Discreet, low-profile design for prestige fragrance packaging
- Available with our patented NoC® invisible dip tube to increase the perception of luxury
- Soft force to actuate for a more refined experience
- Pre-compression spray technology delivers a more delicate spray pattern
