Consumers want confidence in your product. Offer them the assurance they deserve with SD400 and SD800. Both dispensers deliver consistent, reliable performance across a full range of applications. As the largest output dispensers from the SD family, both are available in a variety of styles and are designed to work with various high-output formulations, including liquid soaps, lotions, shampoos and conditioners and hair fixatives. The sturdy design and function of the SD400 and SD800 gives consumers confidence in your brand.
