

**ShowerGuard®**

# Raise the bar on the shower experience

Establishing the industry benchmark for water ingress protection, ShowerGuard® protects your product and reduces risk of bacteria by keeping water out of the bottle. With its easy, one-handed application, ShowerGuard goes beyond ordinary dispensers, giving consumers what they deserve—a simplified shower experience.

# Simple. Efficient. Clean.

ShowerGuard® heightens the shower experience, single-handedly

- Designed for high-output applications like shampoos, conditioners and body washes
- Water-shielding design stops water ingress and prevents bacteria growth
- High-output, high-profile
- Simple one-hand operation
