Cluster-Pak® 410

The industry standard for multipacking octagonal shaped aseptic containers

WestRock Cluster-Pak® 410 is the market-leading packaging machine for shaped aseptic filling lines, offering a range of wrap features and reliable performance.

- Accommodates premium package features such as caps, straws and angled tops
- Integrates seamlessly into prevailing aseptic line design and controls
- Eliminates unfinished packages due to line stoppages, improving efficiency and reducing waste
- Offers simple operation and maintenance with proven 3rd generation technology platform dedicated to multipacking shaped aseptic containers

Cluster-Pak® 410
