SUSTAINABLE PACKAGING

• REDUCE • RE-USE • RECYCLE

Sustainable Packaging with a View

Bio-Pak View® and Bio-Plus View® are perfect ways to offer your customer a variety of options to choose from. The anti-fog window allows customers to see the contents of the container without opening it, making it ideal for merchandising a variety of prepared meals and desserts for takeout where presentation matters.

- Recyclable
- Leak Resistant
- Made in the U.S.A.
- Heat Lamp Resistant
- Microwaveable
- Stackable

Great for

- Salads
- Sandwiches
- Desserts
- Wings
- Leftovers

Consumer demand for sustainable packaging solutions continues to grow. Bio-Pak View® containers are made from paper which is a renewable, natural resource. Our paper comes from responsibly managed forests and is certified to SFI Certified Sourcing standards. Each Bio-Pak View Container includes a sustainability message on the bottom that will assure your customers that you are using sustainable packaging. There is also a website referenced that will give your customer additional information about the packaging materials and how they can be recycled. Bio-Plus View is made from 100% recycled paperboard (minimum 35% post consumer content) and is endorsed by the Green Restaurant Association.
