BioPlus EARTH®

food containers are made from 100% recycled paper (minimum 35% post consumer content). It is offered in natural kraft or with our stock print design, Sonoma. Bio-Plus Earth containers can also be custom printed to include your logo and design. This is a great way to send your branding message home with your customers. Whatever style you choose, Bio-Plus Earth containers will enhance your customers' takeout experience. In addition to being made from 100% recycled paper, they are leak resistant and can hold any type of food whether it is hot, cold, wet, or dry. They retain heat and vent moisture so food is kept fresh.

SUSTAINABLE PACKAGING

Consumer demand for sustainable packaging solutions continues to grow. Bio-Plus Earth food containers are made from 100% recycled paper (minimum 35% post consumer content). Each Bio-Plus Earth container includes a sustainability message on the bottom that will assure your customers that you are using sustainable packaging. There is also a website referenced that will give your customers additional information about the packaging materials and how they can be recycled. Additionally, Bio-Plus Earth containers are endorsed by the Green Restaurant Association and display their logo on the package.

- Made from 100% recycled paper (minimum 35% post consumer content)
- Made in the U.S.A.
- For recycling information, visit www.fold-pak.com/green.htm
