Why is WestRock rationalizing its legal entity structure?

As WestRock has grown to become one of the largest paper and packaging companies in the world, the number of our legal entities – the company names on the purchase orders you receive from WestRock – has also grown. We are rationalizing our legal entity structure in the United States to simplify doing business with WestRock.

When will the rationalization of WestRock’s legal entity structure in the United States take place?

The initial step of this effort, which is a minor modification to our subsidiary legal entity structure and a slight change of certain legal entity names, has begun.

Which legal entities are changing?

Listed below are the current names of legal entities being converted and their new names, effective October 1, 2018.

Current Name	New Name
WestRock Converting Company	WestRock Converting, LLC
WestRock California, Inc.	WestRock California, LLC
WestRock Virginia Corp.	WestRock Virginia, LLC

Does this initiative impact WestRock’s legal entities outside of the United States?

This initiative applies only to the WestRock entities in the United States that are listed above. WestRock has also undertaken a similar initiative in Canada. At this time, no other entities are impacted.

Does this initiative change the terms of our business relationship with WestRock?

No. These changes do not alter the terms of our business relationship with you.

When will the new names be used on documentation?

We will begin using these new names on WestRock-issued documents beginning October 15, 2018.
