

Promina® Style

High Performance. High Brightness.

This super-premium, single-ply SBS board is one of the brightest grades available. It uses optical brighteners within a controlled manufacturing process for ultra-white styling on both sides. Promina® Style delivers the enhanced brand perception that luxury tobacco brands demand. Yet it still offers all the performance, stiffness-to-weight and runnability advantages that make Promina the industry choice.

What You Can Expect from Us

- Consistency** Designed and manufactured with built-in Promina performance for consistent results and unparalleled efficiencies on converting equipment and cigarette packing lines.
- Runnability** Converts beautifully with uniform cuts, consistent creases and excellent emboss heights. In combination with high sheet flatness, this results in better running blanks that enhance packer line productivity.
- Styling** Bright, blue-white styling for brand tobacco packaging.
- Durability** Promina's unique fiber mix, finishing methods and single-ply construction contribute to cigarette packs with excellent formation, stiffness and durability.
- Fade Resistance** A specialized color control delivers improved shade stability and reduces the color reversion often associated with fluorescent whiteners.

Additional Product Information

- Sustainability** Recyclable.
All WestRock North American paperboard mills are certified to the SFI®, PEFC™, FSC™ Chain of Custody Standards. Contact your WestRock sales representative for certified fiber availability for this product.
- Food Contact** Meets multiple national requirements for food contact packaging, e.g., US, Canada, Germany and the EU. Contact your sales representative for information on specific markets and end uses.
ISEGA Certificate for tobacco packaging available.
- Quality** Produced at an ISO 9001 certified facility.
- Environmental and Safety** Notices under US California Proposition 65 and the EU REACH regulation are not required.
Elemental chlorine free (ECF) bleached fiber.
Meets heavy metal limits of the US Model Toxics in Packaging rules and Article 11 of EU Directive 94/62/EC.
