Quality you can depend on

WestRock Reliant®

Product Summary
WestRock Reliant® is the ideal choice for C1S graphic applications that demand reliable performance, excellent converting properties and a pleasing warm-white shade.

Features and Benefits

Superior consistency  Utilising top quality pure fibre and manufacturing to caliper ensures run to run consistency.

Good ink holdout  Fully double-coated top side offers a smooth, uniform print surface that results in higher print gloss for sharper image reproduction.

Excellent converting  Solid bleached construction ensures cleaner die cutting and sheeting. It is also ideal for embossing when intricate detail is desired.

Comprehensive Range  Available with same performance attributes, brightness and shade for 235 gsm up to 462 gsm.

Fade resistance  Proven to maintain colour and shade better than competitive solid bleached sulfate (SBS) board – ideal for store signage or display applications where it is important to maintain brand consistency.

Region
EMEA (Europe, the Middle East and Africa)
