

WestRock RigidWall™

Made from 100% recycled fiber, WestRock RigidWall™ uncoated recycled paperboard (URB) is specifically designed for demanding tube and core applications where strength and crush resistance are of the utmost importance.

Packaging Uses

- Convolute Tubes
- Spiral Tubes
- Cores

Product Classification

- Uncoated Recycled Paperboard
- URB Paperboard

What You Can Expect from Us

- Recycled Fiber Content** Made from 100% recycled fiber, which has been diverted from the waste stream.
- Consistency** Excellent roll-to-roll consistency.
- Crush Resistance** Provides strong crush resistance in tube and core applications.

Additional Product Information

- Sustainability** Made with 100% recycled fiber and is recyclable. All WestRock North American paperboard mills are certified to the SFI®, PEFC™, FSC™ Chain of Custody Standards. Contact your WestRock sales representative for certified fiber availability for this product.
- Food Contact** Meets multiple national requirements for food contact packaging, e.g., US and Canada. Contact your sales representative for information on specific markets and end uses.
- Environmental and Safety** Notices under US California Proposition 65 and the EU REACH regulation are not required. Meets heavy metal limits of the US Model Toxics in Packaging rules and Article 11 of EU Directive 94/62/EC.
