

Wide Format Offering

Tango[®] Coated Cover

Make a great impression

Let Tango® ensure you deliver the highest-quality brand image for your indoor store signage, banners, posters and displays.

Feature

Paper-based media

Benefit

Paper-based media with proprietary coating delivers sharper, crisper graphics for a higher-quality look that enhances your brand.

Clean-white shade

Not too blue, not too warm. Clean-white color, coupled with 92 brightness for optimum “eye-catching” appeal.

Matching Tango shade

Tango wide format has matching shade to the full Tango C1S and C2S offset and digital coated cover line. This supports a consistent look across your print campaign, including brochures, pocket folders, table tents and even specialty packaging.

Greater strength/stiffness

Provides a more “substantial” look and feel to any sign, banner or display.

Renewable resource

Tango wide format is recyclable and, unlike vinyl, is made from a natural renewable resource. In addition, all Tango wide format stocked products are FSC® certified.

Tango wide format is engineered to provide outstanding print results on a wide range of industrial-level UV flatbed and UV hybrid presses.

Due to the wide range of ink systems available for non-UV presses, WestRock recommends testing a small sample of Tango product to ensure suitability before printing the full run.

Tango C1S Wide Format Offering – Sheets

Caliper	Basis Weight		Sheet Size	Packages		Skid*			
	24 x 36	gsm		Inches	Sheets/Package	Weight (lbs)/Package	Sheets/Skid	Packages/Skid	Weight (lbs)/Skid
12 pt	145	235	48" x 96"	250	387	500	2	773	US124896
			50" x 100"	250	420	500	2	839	US1250100
			60" x 120"	250	604	500	2	1,208	US1260120

			50" x 100"	250	828	500	2	1,655	DS2450100
			60" x 120"	250	1,192	500	2	2,383	DS2460120
48 pt	512	835	48" x 96"	250	1,365	250	1	1,365	DS484896

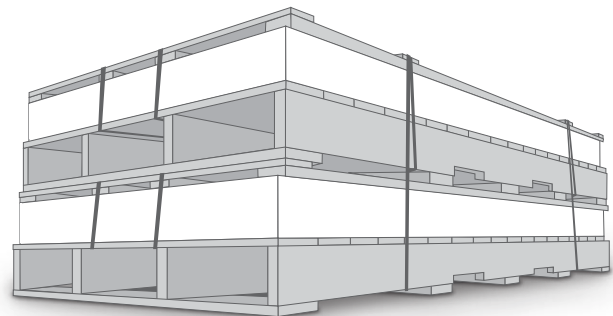

Customers may combine various items from the above list (in full skid quantities) to achieve greater shipping weight.

*Please note that to achieve maximum freight density, skids may be stacked. Tango wide format sheets that are part of the stocking program are FSC certified.

All calipers except 48 pt are shipped in increments of two 250-sheet skids (500 sheets total) bundled as shown. Skids can be easily separated for individual sale of 250 sheets once received. The 48 pt is shipped as a single 250-sheet skid.

Larger sheet count skids or non-standard sizes are available as custom orders; inquire with WestRock sales or customer service. Skids are subject to a maximum net weight of 2,500 lbs. Custom orders subject to 5,000 lb. minimum order per SKU.

Always ensure delivery location has entry clearance and proper unloading equipment to safely handle wide format skids ordered.
