What Is It?

Comprehensive introduction to the business of P-O-P, including materials, printing, production and assembly/contract packaging processes. Covers effective ordering, project management and supply chain best practices.

Who Is It For?

Marketing, Promotion, Design, Program Management, Packaging, and Procurement people who wish to expand their knowledge of in-store merchandising.

What Attendees Will Take Away

1. Knowledge of all types of merchandising tactics and how and when to use them.
 2. Understanding of “best practices” associated with development, procurement, production, delivery and evaluation of point-of-purchase merchandising programs.
 3. Tools to help you be a more effective designer, manager, developer and purchaser of merchandising programs.
-
