

WestRock

Cluster-Pak[®] eMerge[™]

Your introduction to flexibility

WestRock Cluster-Pak[®] eMerge[™] is a flexible and cost-effective packaging machine for high-speed applications across a range of primary products and formats.

- Optimizes constrained production space with small footprint layout
- Enables affordable and versatile automation solution for high-speed applications
- Offers easy maintenance
- Improves line efficiency with optional integrated tertiary packaging module

Cluster-Pak® eMerge™

Features

- Primary product flexibility
- Omni-directional touchscreen operator panel
- Auto-lubrication system
- Single and double lane capability
- Large capacity extended hopper
- Multiple package closure options

Primary Container
